Final Payment Due 60 days before departure

**Cancellation Policy B**

**1 // Branson, MO** Branson is known for its country music, but did you know it has a great rock 'n roll presence as well? This trip will be all about experiencing some of the earlier rock 'n roll classics live on stage. Tonight we get to know each other over a group **dinner** and then we 'meet' some of the well-known performers at the **Legends in Concert** show.

**2 // Branson, MO** This morning we 'rock and roll' again...this time by visiting the **Top of the Rock** & rolling through their nature trail on a **golf cart tour**. Waterfalls, spectacular rock formations, and panoramic views of Table Rock Lake await. The **Ancient Ozarks Natural History Museum** is full of artifacts and artwork showcasing some of the history of the area. This afternoon another performance awaits us... the shoe-tapping, hand-clapping tunes of the **Hot Rods & High Heels** show at the Clay Cooper Theatre is sure to delight. Tonight we turn back the clock again at the **Pierce Arrow Decades show**. Featuring songs from the 50's to 80's, this quartet of male vocalists are bound to sing some of your favorite classics with a style and flair all their own.

**3 // Branson, MO** As we leave Branson this morning, we stop at the **National Tiger Reserve for a guided tour**. You may not hear any roaring, but these beautiful cats each have their own story about how they came to be at this nonprofit rescue center. In addition to the Bengal and Siberian tigers, they also have a lion, black leopard, and a few other animals that needed a place to call home. Speaking of home, it is time for us to head home with a few more tunes in our head and a few more memories in our hearts.
