Start the adventure with a visit to **Sequoyah's Cabin**. Built in 1829, visitors to this log cabin will experience firsthand Sequoyah's efforts to increase literacy within the Cherokee Nation. Next, we'll stop for **lunch** at **Queen Wilhelmina Lodge**. Finally, the **Talimena National Scenic Byway** is a breathtaking 54-mile route in southeast Oklahoma, and is known for its spectacular views. Built specifically to highlight the area's beautiful foliage, we will cruise the road and take in the views.
